

VISITORS FROM ACROSS THE SEA — Exchanging visits with Canadian air cadets who visited Europe this Summer, 40 British, Norwegian, Swedish, Danish and Dutch air cadets were guests of Canadair recently. After

being welcomed by Peter H. Redpath, vice president sales, the boys toured plants 1 & 2, and saw how the Mark VI F-86 Sabre and the T-33 Silver Star are manufactured. The photo was taken outside building 117.
